Dear Parent

The Annual Examination are almost around the corner & you might be busy coping with your child's mood swings & other tantrum due to the prevailing tension of excelling in exams. Putting more pressure on your child to do better than another child will cause negative impact on him/her.

Please motivate & encourage them to study for their own benefit & better than own previously acquired marks.

Please motivate & boost up their morale all the time.

**Tips to Students for preparation:**

- Make a proper time table to complete the subject. Keep a deadline for each subject.
- Keep a separate notebook to practice problems & answers.
- Give little breaks during long hours of preparation.
- Watching T.V's & gadgets will divert you from tuning towards studies.
- Concentrate in conceptual preparation and avoid rote memory method.
